

DocuMate 6460 / 6480

Powerful scanners with advanced features for businesses of any size.

DIGITISING ALL PAPER

In today's digital world, it's important to be able to manage and access the data trapped in ever-increasing stacks of paper documents. The DocuMate 6460 and DocuMate 6480 provide one of the fastest and most user-friendly ways to harness paper into the digital realm, helping organisations manage their scanned information. These compact desktop scanners have everything you need to digitise all your paper documents:

Speed – Load up to 120 mixed sized documents into the document feeder and scan them at speeds of up to 130 images (65 pages) per minute for DocuMate 6460*, and 160 images (80 pages) per minute for DocuMate 6480*, through a high speed USB 3.0 connection. Scanning will be done quickly and the resulting files may even look better than the originals when you apply the software in the bundled suite from Visioneer and Nuance.

Reliability – The active reversing rollers and ball bearing fitted inside the paper feeding mechanism enhances reliability and provides a maximum daily duty cycle of 10,000 pages. An advanced light array increases the amount of light sources from 1 LED to 45 LEDs, providing superior lighting to produce superior images. Ultrasonic Multi-Feed Detection allows you to correct overlapped paper by detecting air thickness between documents. If two documents are detected, the user will be alerted to make corrections before the scan resumes, ensuring every page is captured. The scanners also feature built-in features such as de-skew and auto-crop saving your CPU precious processing power, allowing it to receive the images at high speed.

By using two motors instead of one, the scanners can precisely pick and feed one sheet at a time at high speeds, providing long-term scanning reliability.

Searchability – The DocuMate 6460 and 6480 will automatically transform your scans into searchable PDF files so when you need them, you can find them. The scanners are powered by OneTouch technology to scan documents instantly to one of nine preset, yet completely configurable destinations. OneTouch takes control of your document management workflows and scans in data using the optimal settings for resolution, colour, duplex, auto-crop, auto-straighten and file format, and then delivers it to virtually any application, folder or device at the touch of a button. Working together with Acuity image enhancing software, perfect scanned documents are delivered in a searchable PDF format to email or Microsoft SharePoint or a custom web application. Not only is this a productivity gain, but it greatly reduces the training time for scanner users, further helping your return on investment.

Versatility – The DocuMate 6460 and DocuMate 6480 scanners provide an adjustable document feeder that will fit 9.5-inch wide documents and scan paper as long as 236 continuous inches, plus automatically trim out the margin holes from the final scanned image. This is useful when scanning dot matrix tractor feed paper or long medical chart printouts.

Both scanners fit comfortably on any desk making them the perfect solution for small and large businesses that need to digitise their paper documents. Any industry can greatly benefit from the professional features that are incorporated into these products: from banking and accounting, legal and healthcare, to transportation and manufacturing.

Features:

- Scan speeds up to 88 ppm / 176 ipm* for DocuMate 6480
- Scan speeds up to 65 ppm / 130 ipm* for DocuMate 6460
- 10,000 page daily duty cycle
- Max document size 241mm x 5994mm
- Barcode Recognition Software
- Acuity image enhancement software and Nuance Software bundle
- Scans Plastic ID cards
- Create searchable PDF files to make it easy to find scanned documents

*300 dpi, b&w, greyscale, or colour, on A4 size paper

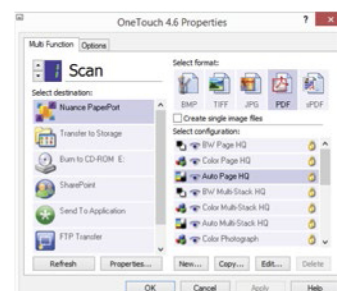

DocuMate 6460 / 6480 Scanner Software and Specifications

ACUITY

Acuity enables your scanner to instantly improve the visual clarity of the scan. Features include: patch code detection, barcode detection, scale image plus auto-crop, auto-straighten, auto-rotate, and much more, all with the touch of a button.

ONETOUCH

OneTouch connects your scanner with a powerful set of settings so with one touch of a button the scanned document is automatically sent to a preconfigured destination such as email, your printer, a file folder, or one of many cloud destinations.

DocuMate 6460 / 6480 Product Specifications	
Scan Speed: DocuMate 6480	88 ppm / 176 ipm: 200 dpi (B&W, greyscale, or colour)
	80 ppm / 160 ipm: 300 dpi (B&W, greyscale, or colour)
Scan Speed: DocuMate 6460	70 ppm / 140 ipm: 200 dpi (B&W, greyscale, or colour)
	65 ppm / 130 ipm: 300 dpi (B&W, greyscale, or colour)
Scan Method	Single Pass Duplex Automatic Document Feeder (DADF)
Optical Resolution	200, 300, 600 dpi
Interpolated Resolution with Acuity	75, 100, 150, 400, 500, 1200 dpi
Image Sensor	CCD (Charge Coupled Device)
Light Source	LED (Light Emitting Diode) instant on
Background	Black
Output Bit Depth	24-bit colour, 8-bit greyscale, 1-bit black & white
Scanning Media Supported	Paper, plastic ID cards, photos
Interface	Hi-speed USB 3.0 (2.0 compatible)
Maximum Card Thickness	1.25 mm
Scanner Dimensions (paper trays extended)	316 x 239 x 680 mm
Scanner Dimensions (paper trays collapsed)	316 x 168 x 191 mm
ADF Minimum Document Size	51 x 51 mm
ADF Maximum Document Size	241 x 5994 mm @ 200 dpi
Maximum Scan Area	216 x 5994 mm @ 200 dpi
Document Weight	28-413 gsm paper
ADF Capacity	120 pages (75-90 gsm paper)
Weight	4.7 kg
Duty Cycle	10,000 pages

NUANCE OMNIPAGE ULTIMATE

OmniPage Ultimate provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

NUANCE PAPERPORT

Nuance PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your workflow.

NUANCE POWER PDF

Nuance Power PDF is the smarter PDF software choice for small and large businesses. Combining powerful functionality, superior Microsoft Office support, built-in intelligence, document management system integration, and intuitive, ease of use, Nuance Power PDF provides everything you need to create, convert, edit, assemble, and securely share PDF files for increased productivity, enhanced collaboration, and improved compliance.

BOX CONTENTS

- DocuMate 6460 or 6480 Scanner
- Power Cable
- USB 3.0 Cable
- Power Supply
- Quick Installation Guide
- Technical Support Card
- DVD-ROM including:
 - User's Manual
 - Nuance OmniPage Ultimate
 - Nuance PaperPort
 - Nuance Power PDF
 - OneTouch
 - Acuity
 - Scanner Drivers: TWAIN, EMC Captiva ISIS and Microsoft Windows Image Acquisition (WIA) Driver

PC MINIMUM SYSTEM REQUIREMENTS

- Intel Pentium IV or equivalent processor
- Compatible with:
 - Windows 10 Pro, Home, Enterprise and Education
 - Windows 7 Pro, Home, Enterprise and Ultimate
 - Windows 8/8.1 Pro, Core and Enterprise
- 2GB RAM
- 350 MB available hard disk space
- Dual layer DVD-ROM drive
- USB port
